

FREIGHT RUNNER®

SS CONVEYOR

SIDE SHIFTING SYSTEM FOR EASY CITY LOADING & UNLOADING

CONVENIENT

- No Need to Relocate the Truck to Unload Both Sides
- Ability to Load Everything From One Side in the Yard
- Speeds Unloading Process, Getting Drivers Back On Road

SAFE

- Forklifts Never Need to Enter Roadway to Unload
- Drivers Spend Less Time Navigating Traffic
- Automated System is Gentle on Cargo

VERSATILE

- Incorporates Into Truck Bed or Trailer of Nearly Any Size
- Simple Wireless Control System Loads/Unloads
- System Handles Loads Up to Legal Payload

▶ MAKE HASSLE-FREE CITY DELIVERIES

The Freight Runner® system makes city unloading fast and efficient. The side-shifting action automatically moves loads from the roadside to the curbside for easy unloading in high traffic areas.
