

FREIGHT RUNNER®

DOCK TO TRAILER
CONVEYOR

SEAMLESS CARGO TRANSFER BETWEEN DOCK & TRAILER

VERSATILE

- Adjustable speed: Move 1/4" per minute to 30' per minute.
- Suitable for enclosed warehouses & open-air docks.
- Move up to 30 ton of cargo.

INTEGRATE OPERATIONS

- Requires little to no facility modifications.
- Fast and easy trailer installation.
- Speeds up product distribution with automated cargo handling.

REDUCE COSTS

- Reduce labor costs up to 75%.
- Minimize cargo damage.
- Optimize available warehouse resources.

▶ AUTOMATED CARGO HANDLING CONVEYOR

The Freight Runner® system automates cargo transfer, reducing load/unload times to less than five minutes.*

*Depending upon the application.
